DETAILED ACTION

Applicant's election of Group II, claims 7-24 and canceling claims 1-6 and 28-54 in the reply filed on August 8, 2006 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the following formal matters:

Information Disclosure Statement

The listing of references in the specification is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609.04(a) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered.

Allowable Subject Matter

Claims 7-27 are allowable.

The following is a statement of reasons for the indication of allowable subject matter:

The primary reason for allowance claims 7 and 20 is that the prior art of record does not teach the steps of applying a planarizing element including a support and the planarizing layer which is adjacent the colorant-containing image and comprises a crosslinkable binder having a weight average molecular weight of about 20,000 to 110,000 to the image receiving layer and removing the support.

Art Unit: 2854

The limitations in the claims are not rendered obvious by any proper combination of the prior art known to the Examiner.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS ACTION IS SET TO EXPIRE 2 MONTHS FROM THE DATE OF THIS LETTER.
